Angels Hail Birth of Jesus In Manger at Bethlehem, Judea

Lowly shepherds with flocks on nearby hills First to note Miracle of Celestial Visitation.

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—The eyes of all Judea are turned with awe today upon this little town as word emanates from it that the long-prophesied Messiah was born here last night.

Miraculous happenings and visitations of heavenly hosts which confounded them with radiance and divine song, lead inhabitants to believe that this is the prince of the throne of David who, Scriptures have said, will reunite the scattered tribes of Israel and reign over them as the son of God.

The appearance of a new star of great magnitude and luminesence, convinced them that it portends to the ancient prophecy.

Shepherds Hear Angels

The infant, born to Mary, a Jewish girl from Nazareth, who is the wife of Joseph a carpenter, was first discovered by a group of shepherds who received the news of his birth from a band of angels while they were tending their flocks in the low-lying hills just outside the city.

Descending in a blaze of heavenly glory that prostrated the little group of men and boys with amazement, the divine visitors told them not to be afraid but to go to the stable in Bethlehem, where they would find the Christ in swaddling clothes and lying in a manger.

This the shepherds did, being guided all the way by an angel. There they found the child, but recently born, with his parents and stable animals. So deep was the conviction of the angels' message upon them, that they immediately accepted him as the promised Saviour, and fell upon their knees and worshipped him.

Magi Follow Too

Following in quick succession the visit of the shepherds, a caravan of wise men, or Magi, from the Orient, also came to the humble birthplace bearing jewels and precious gifts. To them too, this was a long-awaited event, sine they are close students of astronomy, and were watching for the star. When it appeared they regarded it as the sign that the child had been born which the prophet had foretold.

While the largest part of the population here is talking of the event in tones of unsuppressed awe, and plainly regard it as a means by which they will be delivered from their Roman oppressor, there are many who are frankly skeptical. They feel that the future of Christ will come from a more significant source.

Everyone Excited

The whole atmosphere here has been one of unusual excitement for the past few days, since that was the time decreed by Augustus Caesar for all taxpayers in Judea to be registered. Mary and Joseph, being of the house of David, were required to come to Bethlehem; and although Mary was an expectant mother, and the 50-mile journey from Nazareth in Galilee was extremely arduous for her, the urgency of the order was such that they dare not stay.

From the meager details gained from keepers of public places, it appears that Joseph had failed to make any reservation for lodging. The low temperature of the winter night forced them to the stable, where they made themselves as comfortable as they could in the straw. They suffered no ill effects from the experience, however, and those who visited the little family after the birth became known, report that an aura of light transformed the dingy surroundings into a place of beauty.

Mary indicated that she would call the child Jesus.

Great Joy Rules in Town of David as Realization Dawns

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—It is impossible to describe the feeling of great joy that pervades Bethlehem today as the coming of the long-heralded Messiah is realized by the majority of its inhabitants.

The shepherds probably experienced the most poignant sensation for it was to them that the news was first given. The little group who were guarding their flocks from foxes and wolves that still roam the hills of Palestine, speak with great wondering of last night's message from the sky.

The amazing light together with the chanting of a heavenly host, has brought an incoherence to their speech; but the radiance of their faces is more impressive than any words could be.

"An angel of the Lord suddenly flashed before us, and the glory of the Lord shone all around us," one of them said. "We were frightened but the angel said 'Have no fear. This is good news. I am bringing to you, news of great joy that is meant for all the people. Today you have a saviour born in the town of David, the Lord Messiah. And here is a proof to you: you will find a baby wrapped up and lying in a stall for cattle.'

"Then a host of heaven's army suddenly appeared beside the angel, extolling God and saying, 'Glory to God in the highest, and on earth peace, good will toward men.' "

Having sung this song, the angels went back to heaven, the light faded away, and all was dark as before.

"We began talking together about these strange sights and sounds," the shepherd related.

"We didn't stop to think what would happen to our flocks, or wait until morning; we went at once. When we saw all was as the angel had said, we told everyone about it."

Mary and Joseph Both Decendents Of Royal Line

NAZARETH, Dec. 25—Beginning the Year of Our Lord 1.—Although Mary, mother of the Saviour, and her husband, Joseph live among the humbler folk here, where he is a carpenter, they are of the royal family of Judah, and the descendants of King David.

The Jews keep exact lists of their genealogies, thus explaining the present situation.

For the old prophets said that the Christ child was to be born at Bethlehem whereas Mary lives in Nazareth, 50 miles distant. But when the Emperor Augustus called for the regular 10-year census, he ordered Herod to register the people according to the tribe to which they belong. Mary and Joseph, belonging to the family of David, were required to go to Bethlehem.

Brilliant Star Presaged Sacred Mystery of Birth

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1.—Eminent astronomers here admit to the appearance of a new star. They say that at infrequent periods such stars, or novae, as they term them, suddenly appear with great brilliance, are evident for a time, then fade away.

Last night's star, they explain, resulted from the conjunction of the two great planets, Jupiter and Saturn.

Herod's Spies Departing Hurriedly For Jerusalem

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Several known spies and sycophants of the court of King Herod, who for the greater part of the morning have been furtively watching the stable wherein the King of Glory rests in his swaddling clothes, left on camels bound presumably for Jerusalem.

Herod is known to be extremely interested in the journeys of the Magi to Bethlehem.

Prophets of Old First Announce Prince of Peace

ISAIAH, JEREMIAH, MICAH ALL DIVINED ADVENT OF SAVIOUR AMONG PEOPLE 'WHO WALKED IN DARK'

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1—. For centuries prophets have forecast the birth of a Christ Child, and historians have made many references to the coming of a Messiah.

These are some of the names which have been applied to him: Immanuel, Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace, The Lord of our Righteousness, Son of the Highest, and Jesus.

Since the birth here today of the Wonder Child, and the excitement and rejoicing that have followed, local scribes have been searching history and the Bible and point to the predictions of Isaiah, Jeremiah, Micah, and others.

The following quotations are given as vital to the Messiah's coming:

The Lord spake again to Ahaz saying, Ask thee a sign of the Lord thy God . . . But Ahaz said I will not ask, neither will I tempt the Lord. And he said, Hear ye now, O house of David . . . Behold a virgin shall conceive, and bear a son, and shall call his name Immanuel.—Isaiah 7:14.

Will Come at Dark Hour

The people that walked in darkness have seen a great light; they that dwell in the land of the shadow of death, upon them hath the light shined . . . For un-

Inn Keeper's Faith in Miracle Strengthens

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Bewilderment marked the features today of the keeper of the little inn where Mary and Joseph sought shelter last night. But behind the bewilderment could be sensed a dawning belief.

"There was something different about her face," he said of Mary. "It was tired—but different. And when Joseph turned away leading the ass she was riding, something about him, too, made me want to call back.

"I went to the stable this morning," he mused. "Only it didn't seem like the same stable, somehow."

Magi's Wisdom is Greatest in World, Declares Casper

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—This what Caspar, on of the wise men, said about their belief:

"The wisdom of the Magi is the greatest of all wisdoms on earth, because it knows its own igorance. And that is the secret of power. We worship fire as a symbol of Him. We keep men always looking and waiting for a new sunrise, but we ourselves understand that the darkness is equal to the light and that the conflict between them will never be ended."

TRADITIONAL FEATURE FOR CHRISTMAS WEEK

Page 1 of our Christmas issue today tells the story of Christ's birth as it would have been told if modern newspapers had been printed at that time. Today's current news appears on inside pages. The Bethlehem story was mainly written by a member of the Scottsbluff (Nebr.) Star-Herald staff, and the dispatches are based on the story of the Christ child as it was written in the Bible.

We copied it from the Christmas, 1950 issue of the Coronado (Calif.) Journal-Compass.

We are using the same format as we used last Christmas when the reaction was so rewarding we decided to make it traditional.

BETHLEHEM CITY IN HISTORICAL SITE

MANY SIGNIFICANT EVENTS OF WORLD HAVE TAKEN PLACE IN SMALL TOWN

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—This little white-walled city, surrounded by its hills, vineyards and olive yards, has a significant history. It is about six miles south of Jerusalem, the largest city in Palestine, which is itself a little land, being only about 200 miles in length and 50 miles broad.

More than a thousand years ago, David, as a lad, kept his father's sheep in the very hills and valleys where the shepherds last night received their heavenly visitation. One mile northwest of Bethlehem, thick dark forests of cedar cloister the brow of the hill where is to be found the well of Saul. Here the Prophet Samuel annointed him first King of Israel.

It was to Bethlehem that Ruth and Naomi returned.

Now Micah's prophecy has been proved true concerning the town as the birthplace of the Christ: "But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me that is to be ruler of Israel."

The Weather

BETHLEHEM and vicinity — Tuesday, fair with cool winds from Mediteranean. Wednesday fair, with clouds from the north in afternoon; rising temperature.

Northern Palestine: unsettled; little change in temperature.

Lower Arabia: Stormy weather, unsettled conditions.

PLAINLY AWED,

'Mary Smiled at Me!' Simply Clad Boy Says,

NAZARETH, Dec. 25 — Beginning the Year of Our Lord 1, — A young boy — one of the band of shepherds which was visited on the hill near here last night by a heavenly host of angels who told them of the birth of the baby prophet, was a shy narrator of events transpiring at the stable when the presence of the child became known.

Roughly clad, and plainly awed by his part in the divine drama, he gave the only clear impression gained of Mary, the mother of the Holy Child. The other shepherds were too inspired, and the wise men from the East too preoccupied with the identity of the infant to notice details which the clear eyes of a child seized upon.

"Everything seemed so quiet in the stable," he replied to questions. "I noticed that even the pigeons didn't coo like they usually do."

"Did Mary or Joseph say-anything to anyone?" he was asked.

The lad flushed, then confided: "Joseph asked me to help him fix the hay so it would be more comfortable, and then Mary smiled at me after she had been looking at the baby, and so I asked her if they didn't have better places in the inn. She answered, low-like: 'There wasn't any room for us.'

"I felt sorry for her; and then she smiled again and just whispered: 'But I like it here. The inn was so noisy, and the streets are full of loud people. The animals are peaceful. You musn't feel sorry for us.'

"And do you know, somehow I wasn't. I still feel strange. It is as though something too wonderful to talk about has happened to me. I can't explain it. But I feel so peaceful inside."

Messiah Meets World Torn by Internal Strife

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—Christ was born last night. They say he is a king. Into a world torn with strife, into a dictator-ridden country that trembles at the clashing swords of Rome, has come the ray of light so long awaited by a troubled people.

It is a far cry from the golden pillars of Solomon's temple to the crude stalls of a cattle barn.

For hundreds of years the memories and tales of the glories of ancient Jerusalem have been treasured in the hearts of a scattered race. For generations they have unrolled their papyrus scripts and reassured themselves that one day a Redeemer of Mankind would restore their kingdom. With mighty arfies He would vanquish a tyrant Caesar, and rebuild their shining city.

They thought of Him in terms of shining raiment and a golden throne; they didn't expect swaddling clothes and manger hay.

They could see Him proclaimed by heralds with silver trumpets; they didn't think his companions could be rough haired oxen and sleepy-eyed goats.

They expected urns of smoldering incense, but not the aroma of a stable.

Multitudes would prostrate themselves on the ground in His presence, they believed; they didn't suppose that a harried innkeeper would suggest that the royal family slep in the barn because all his rooms were full of taxpayers.

Some say that this baby born last night to Mary and Joseph of Nazareth couldn't possibly be the Messiah foretold in Scriptures. But there are others who remember the words of the prophet Issiah, of Jeremiah and of Micah and with unspeakable joy hail Him as the Saviour of Israel.

Magi Pursued Star of East To Son of Mary

Now when Jesus was born . . behold, Magi from the east came to Jerusalem, saying, Where is he that is born King of the Jews? for we have seen his star in the east, and here come to worship him.—Matt.2;1.

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—The mysticism and beauty of the Orient has mingled with the simplicity and reverence of a little town made holy by a divine occurrence.

Three sages from the East, impressiveness in the richness of their many-colored silks and gold insignia, walked the dusty streets of Bethlehem today and told of their journeys across desert and plain to lay rare gifts at the feet of a tiny babe.

They spoke briefly and eloquently of the prophecy, "There shall come a star out of Jacob, and a sceptre shall arise out of Israel," and they described the brilliance and comet-like action of this star which had arisen in the east, and which they had followed until it halted over the Judean city.

Present Gifts to King

These three Magi who bear the names of Caspar, Melchior and Balthazar, were familiar with the Hebrew prophecies which foretold the advent of the Messiah, and had long waited for the star, they said. To prepare for the journey, and to buy gifts for the promised King of Israel, they sold their possessions and equipped a caravan.

Last night, surrounded by humble shepherds and barnyard animals, they fell to their knees and worshipped the young child with great joy, and presented him with frankincense, myrrh and gold.

When they were asked if the commonplace surroundings seem-

Herod, in Dread, Seeks to Delude Sages from East

MANGER MIRACLE STORY TOLD OVER AND OVER AS GROUPS COLLECT

JERUSALEM, Dec. 25—Beginning the Year of Our Lord 1.—An apprehensive Herod sits on the throne of Judah, and is much disturbed at the miraculous birth of Jesus in Bethlehem.

This was brought to light with the recent visit here of sages from the East who were seeking the newborn King of the Jews. Having heard of their inquiries, Herod hastily called together his chief priests and scribes who write the laws, and demanded them to tell him more of the prophecies of Christ's coming.

Then he summoned the wise

Dogs and Sheep Overcome By Celestial Radiance

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—The shepherds' dogs and sheep were overcome also by the strange light from heaven last night, the men report.

Shopkeeper Has Doubts About Jesus

BETHLEHEM, Dec. 25—Beginning the Year of Our Lord 1.—"All the excitement has made more business for my shop, but I do not believe he is the Christ."

That was the opinion of the proprietor of a small shop here who has not yet visited the now-famous birthplace of the infant Jesus.

"I really believe this is just something arranged to make more entertainment for taxpayer week," he went on. "Why, the true Christ will be so mighty that there will not be a doubt by anyone when he comes. That light was just a falling meteor, and those sleepy shepherds were startled by it. You know how a story can grow."

He said he had been too busy to go along with the crowds to the stable, and added that the innkeeper would probably have more business than ever.

"I have an extra room here at the back," he said thoughtfully. "If I had only known—" and he hurried to wait on a customer.

Astrologers of Jerusalem Predict Sorrow, Tragedy For Holy Babe

JERUSALEM, Dec. 25—Beginning in the Year of Our Lord 1.—Great tragedy will mark the future of the child born in Bethlehem, say this country's foremost astrologers. The stars, they say, reveal:

He will be in great danger while He is still an infant, and because of an attempt upon His life, many children will be killed.

He will live to be hailed in Jerusalem, but will later be rejected and betrayed by one close to Him.

Crucifixion will be the manner of His death, and He will undergo unspeakable suffering.

There are other venerable men here, who read aloud pathetic words which foretell the sufferings of the promised Messiah.

These reveal that He will be "despised and rejected of men, a man of sorrows and acquainted with grief."

Their search of the records, it is believed, will continue for many weeks, and will entail many secret conferences with not only members of their craft, but with the priesthood in the temple itself. Whether their finding will be made public in detail is not known.

The astrologers added that this preliminary report of their findings as revealed by their charts probably would be considerably altered by further study, and indeed, might be radically altered by results of research and study.

THINGS DOIN' & BREWIN'

About Civic Center

By DICK HENDERSON

The board of supervisors, having been routed out of their quarters by the contractor who undertook to revamp their regular quarters for $80,000, thereby giving each supervisor a nice new office with a view of the bay, held their regular meeting on Monday in the city council chambers.

The city fathers do not have quite as plushy quarters as do the county officials, Linoleum covers the floor of the raised platform, whereon are placed the desk, instead of nice gray carpet, the chairs are not as new and shiny but the desk arrangement is very similar, only more desks. The chairman of the board, DeGraff Austin, sits between two ladies, Helen Kleckner, clerk of the board, on DeGraff's right and another lady, who takes down every word spoken on every subject—sometimes we wonder how she gets some of the remarks, when the speakers fail to use the mike. Mrs. Kleckner takes notes also, and supplies information from her files on any pending business before the board.

A very efficient system has been built up over the years and Mrs. Kleckner's aides in the back office keep things running smoothly, are right up to the minute with matters demanding the board's collective attention.

We almost forgot to tell you about Helen's new hair do. When we entered the council chamber we thought there was a new gal acting as clerk, and asked Al Mueller, assistant auditor, who was sitting in for Jack Perrigo, on vacation, who the new clerk was. He said "Not new. That's Helen Kleckner." We wouldn't believe him at first. The new "do" is very becoming, and we told Helen so, got a nice smiling thanks.

All members of the board were present in chairs arranged in same order as when "at home," and the "business as usual" sign was out.

The board of supervisors will hold their weekly meetings on Mondays in the council chambers for about three months, or until the contractor finishes the job. We probably won't know the old place.

Matters Set for Hearing

First on the list of matters set for hearing was opening bids for the sale of Lakeside Union School District bonds.

Second matter considered had to do with the appeal of T. M. Widrig from the planning commission's denial of a variance to increase the height regulations for an existing fence in Del Mar.

Next was a continued hearing on Gillespie Field approach. The gas and electric company protests said vacation pending its receipt of easements.

Then John D. Thompson Jr., of S. D. United Success Drive, concerning county employee participation in said drive through county employees' charitable organization.

At 11:30 and finally, was T. Gerald Harrington regarding the formation of the proposed San Marcos Sanitation District. (The planning commission recommends that no portion of the San Marcos dump property be sold or leased for a sewage treatment plant as requested by Harvirtin Builders, Inc.)

P.M.

The afternoon session had five matters set for hearing between 2 and 2:30 p.m., but we had to see Dr. Gardner about new glasses at 1 p.m.

The new glasses set me back $30.

Welfare Matters

The board to determine liability of one recipient of aid to needy blind and 45 recipients of old age security.

(Here's a loving son.) Letter from director of public welfare stating that at a meeting of the board on Dec. 6, 1956, F. B. appeared to present evidence to substantiate his contention that he be freed of liability for the support of his mother, B. R., a recipient of old age security and general relief; but that the evidence was not such that, under the law, he could be relieved of responsibility; and, therefore, recommending denial of said request.

A total of 13 items were on the agenda under welfare matters.

Tax Matters

Letter from Frederick Baltzly Sr., commander, U. S. Navy, retired, protesting the use of sales tax revenue for purposes other than lowering real estate taxes, citing his increases yearly over the past five years, and referring to a newspaper item concerning "Sales Tax Revenue Policy," quoting Supervisor Austin in part as asking various community groups to present lists of requests for projects before the new budget is adopted next spring. (For the commander's information, the supervisors pointed out to the voters before the ordinance was adopted increasing the sales tax to four per cent in unincorporated areas in the county, that the 1c increase would be returned to the areas where collected. Lemon Grove will probably get a return of $60,000 yearly, more as more sales are made. No kicks were heard when the various incorporated little cities, like El Cajon and Escondido, took the increase of 1c and like it. The cities get the 1c before the state gets its 3c, 'cause they just naturally collect it and account for it, but keep the money. It counts up, commander, and helps pay for projects that otherwise would require a higher tax rate. D. H.)

Special Districts

Requests from Escondido Union High School District for a temporary loan of $20,000 and a similar request from Warner Union School District for $6,000; treasurer states that funds are available in both cases.

Department of public works recommends that the board accept a gift of tables, chairs and shuffle board tables and a stove, inventory value $243.50, from Lemon Grove Youth Center Control Board for use in Lemon Grove Center.

Joe Mack recommends the acceptance of the streets in El Cajon Estates Subdivision, El Cajon area; and their inclusion in county maintained road system, also acceptance of streets in Foothills Estates Sub., same area, in same system.

Same gent recommends approval of agreement and plan for improvement of Longdale Manor, Lemon Grove area.

Road Matters

Acquisition of rights of way, Grove Street, Lemon Grove; grant deed executed by Linn Halvorsen and Gladys I. Halvorsen. Payment of $181 to same.

Bonita Road: Grant deed executed by Bernard and Margaret S. Bernes, payment of $500 to them and $350, to Pasacal D. and Navona L. Bailey for deed.

County counsel and DA report decisions in an action brought against Alan Campbell for installing defective sidewalks, driveways and curbs on Acacia St. in Lemon Grove. No further legal action will be taken and persons on Acacia St. will be notified of decision and persons having contracts with Alan Campbell will have to sue him. Looks like the court's decision favored Mr. Campbell. If you want more information about this matter or if you live on Acacia St., call Joe Mack. It's too technical for me.—D. H.

Adventists Declare War on Off-Color Comic Books

GLENDALE, CALIFORNIA,—Spcl). The Seventh-day Adventist denomination will begin publication of two new magazines for children in January as one phase of a drive by the church to combat influence of "mind and soul crippling" comic books, a spokesman for the church announced last week.

R. R. Breitigam, of Glendale, Sabbath School secretary for the Adventist Pacific Union Conference, which covers California, Arizona, Nevada, Utah and the Hawaiian Islands, in making the announcement declared "the minds of American youngsters are being warped by tales of crime and violence in so called 'comic' books. There is nothing comical about these publications, unless a person takes static delight in the destruction of human life." Breitigam stated.

The Adventist leader said the two publications will be dedicated to building character and creating respect for the laws of God and man. One entitled "Our Little Friend" is aimed at children just old enough to begin reading. The other, "Primary Treasures," will be for youngsters up to age 10. Both will contain eight pages, with two color printing and numerous pictures, according to Breitigam. They will be published by Pacific Press Publishing Association, operated by the Adventist denomination at Mountain View, Calif. The denomination already produces special magazines for both junior and teenage youngsters.

The Editor of the two new publications will be Eugene Sample, expert in child literature.

Teachers Now Send Notes Home By Mail; Kids Can Forget

Mrs. R. A. Knapp, Lemon Grove 4-H leader presently indisposed and not active in 4-H work, tells of a neighbor lady who tells this on herself.

It seems that this neighbor's young son—eight years young, in fact—was given a note by his teacher to take home. The kid, cautious about delivering notes at home—they sometimes vitally concern the pupil's conduct — stuck the note in his overalls hip pocket, forgot to deliver, and it was not discovered until after the overalls had gone through the weekly wash, when a soggy mass of pulp, barely decipherable in spots, was discovered.

The neighbor lady said she couldn't make out whether the PTA needs chocalate cupcakes or the boy needs help in addition, so she pretends she never got the note from teacher.

This reporter well remembers one 65 years ago when in seventh grade the teacher, Miss Frazee of blessed memory at Middletown, now Washington, School — ex-Mayor John Forward was one of her pupils that year, in class ahead of us—sent a note home, it was delivered, also a darn good licking.

We understand that the latest practice by teachers who send communications to parents is to use Uncle Sam's excellent postal service. Saves trouble for all concerned.—D. H.

DIRTY WATER NO FAULT OF WATER WORKS CUSSING SCRIBE DISCOVERS

The past year the Water Works have had occasion at times to shut off our water for a few hours to make changes in the distributing system, and for days following this turn-off our water supply has been roiled. We live at Lemon and Bancroft, in La Mesa - have for more than 18 years - and get our water from the high pressure line that was installed about the time we bought "La Canasta", (which means the Basket,) into which we put ALL OUR EGGS.

Of late the hot water line, which this correspondent uses most in all weathers, and especially at this time of near frost early in the day, and we noticed after filling the wash basin and laving our hands and face and neck and ears and pulling the stopper, that a sediment was deposited in the bowl.

We kept a 25c brush handy, scrubbed out the bowl, cussed the Water Works, threatened mentally to tell the Board of Directors and ask to have the main drained at this point, but put off complaining 'til last week, when we called Al Gross at the District office, told him our troubles. Al was very courteous and pleasant, said he would be glad to send a man out to check. Last Monday, Mr. Airheart, whose job is to check the water in various parts of the system, take samples, sends half of each test to the state Water Pollution Lab for testing and tests the other half himself, came to our house, said he had been asked to locate the trouble with our "dirty water".

He inquired particularly as to whether it was hot or cold water that caused the complaint, and when Pearl said that she could not use the hot water the week before in the weekly wash, all dirty and rusty, Airheart thought he could fix things right then.

He asked for a length of hose to drain the water heater outside, connected it to the drain faucet at the bottom of the heater and turned the faucet on, asking me to watch the water coming from the hose. He shut off the cold water line that supplies the tank. I watched the somewhat brownish liquid from the draining hose turn clearer, finally stopped on a clear note. Then Airheart said, "I'm going tq turn on the cold line, and you watch closely". Almost at once very dirty water emerged from the hose as the heater was re-filled. Finally the water cleared up, was again shut off and the "shock treatment" applied 'til the water ran clear as crystal.

"You see", Airheart said, "the emptying of the water from the bottom of the heater, which should be done at least monthly, does not get the scale deposit that accumulates in the heater iteself, and that is what causes the "dirty water".

Our heater was new perhaps three years ago, and except for an occasional drawing off of the heater, when we got at least three gallons of dark brown H2O, no draining had been done. The explanation made clear to me the trouble causer. This is where I apologize for my harsh thoughts about the Water Works. Maybe YOUR water has been dirty. Remember the story we had a year or so ago, when a lady in El Cajon wrote to the Board of Directors with a bill for $7 for ruined diapers? I'll wager the dirty heater water was the cause. The men had been working on the line near her house, had shut off the water, then turned it on and the wash water full of dirty diapers, just naturally ruined them, staining those articles necessary to the youngest set's well-being a deep dark brown. (This is just my own explanation, not official. The lady's claim was allowed, without comment).

So maybe, if your water supply is brownish at times, try draining the heater and giving the shock treatment, then draining again. It might solve the problem.

If you have troubles, call Al Gross at the District office in La Mesa, tell him about them. He will advise, or send Mr. Airheart to look for the trouble.

Sweetwater Avenue Closed in Spots

Sweetwater Avenue from Ildica Street to Jamacha Road has been closed to traffic due to the sewer line being dug in that area. A report from the county road department at Lemon Grove indicated that it will be some time after the first of the year before the road will be reopened.

Traffic is urged to use Skyline Drive in Monterey Heights for south travel. Motorists living east of Bancroft Drive could use Helix Street south although that street is rather steep in places.

Lioness Club Yule Party Held

The Spring Valley Lioness Club held its Christmas party at the Singing Hills Country Club, Tuesday, December 11. Members and guests had a delightful time exchanging gifts. Sixteen members and three guests were present.

Grovan to be in Presidential Parade

"Bob" Howell, veteran parader, sits atop Shah Jahan, his Arabian horse which he will ride in President Eisenhower's inaugural parade. Trappings are of Silver.

A Lemon Grove man will ride his horse in President Eisenhower's inaugural parade in Washington January 21. The man is Bob Howell, 3455 Imperial Ave.

Howell, who operates a real estate and tax consultant firm in the Grove Theatre building is a perennial parader and is a two term president of the San Diego County Horsemen's Association.

In Washington, he will ride his 8-year-old, five-hands-high Arabian horse Shah Jahan.

His outfit, pictured above, is resplendent with rhinestones and sequins and the trappings are of genuine silver.

He will take Shah Jahn to Oakland in a trailer and put him aboard one of two special horse cars bound for Washington where he, and other riders from the West will take part in the nation's most honored parade ceremony.

Howell has ridden in the Rose Parade this year in which he was marshal; in the Chula Vista Fiesta de la Luna, was grand marshal of the March of Dimes, National City; rode in the Festival of Progress in San Francisco; Escondido Valley Riders; Helldorado, Las Vegas; Pioneer Days, Fallbrook, the El Cojon Mother Goose Parade and the North Park Toyland Parade.

He has accumulated approximately 200 trophies for his efforts and is still acquiring them at the rate of about 25 a year. His wife designs and decorates his colorful, tailor-made costumes.

French Exchange Visitor in Spring Valley Misses Paris Rain

Twenty one year old Pat Grehan, an exchange visitor from France who has been in the United States since January, recently paid a visit to our own Spring Valley. In fact he had his first Thanksgiving dinner at the home of his host and hostess, Mr. and Mrs. Elmer Becker of 9304 Crest Drive.

Pat lives with his folks on an 800 acre farm some 50 miles north of Paris. The farm, with the main crop being grain, has been in the family some 200 years and will eventually be turned over to Pat himself. Some of the original house is still standing.

The young Frenchman is a graduate of the Sainte Croix Agriculture College of Paris. His purpose visiting the United States is to study our agriculture methods. He has been paying his own expenses. He spent some time in Woodward, Iowa, working on a farm. That is where he became acquainted with Mrs. Virgil (Edna) York, sister of Mrs. Becker of Spring Valley. Hence the local visit.

He worked on other Iowa farms and North Dakota farms and did a bit of logging in Oregon.

Asked how the United States farms compare with those of his country, Pat said that France doesn't depend on irrigation as we do. He said there is plenty of rain there to make heavy crops. He said that in North Dakota the wheat crop runs about 40 to 45 bushels to the acre, while in France an average crop is about 80 bushels to the acre.

The large farms in France, Pat pointed out, are between Paris and Belgium, while the small ones are south of France.

When Pat first arrived in the United States he could only speak a few words of English. Now he talks it quite well. Asked how he happened to pick up the language so quickly, he replied that there are many Latin words in the English language and he had been quite a Latin student at college.

Pat has been here on a one year permit, coming over on the French ship "Liberty." He will leave New York for France on December 14. His parents were in the United States about seven weeks, visiting New York, Chicago, Des Moines and L.A.

After the young future farmer gets back to his native France he will have to spend two years in the French Army. Military duty there is compulsory. A boy must go in before he is 21 years old, Pat said, but he was deferred because of his college education.

When he goes into the business of farming he will have to do so on his own, as there is no G. I. Bill there as there is in the United States.

Pat said that there are many pieces of American farm machinery in France, and the farmers there spend a great deal on seed and fertilizers, which are a couple of leading reasons for their bumper crops.

Asked what he thought of the American people, Pat said he found them very friendly. But when he was asked how the American girls stacked up to the French cuties, he just blushed and said "I have no comment."

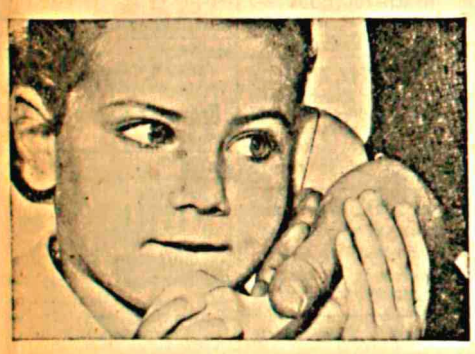
WHAT'S DOING



Listen, my little sweetheart...

This was the year you discovered that fascinating thing Mommy and Daddy call the telephone. Pretty wonderful, isn't it? But just you wait! Why, by the time you're grown—say twenty years from now—lots of wonderful things will have happened to your phone. You'll probably have one in every room of your home. Maybe you'll even carry a tiny one in your pocket. Combined telephone and television may be yours if you wish. All these things will come from never-ending telephone research—will come, too, from the men and women of Pacific Telephone, who work to make your telephone more useful every day.

• • • • •

Let your Personal Number Book remember the number

Do you find yourself with more than the usual number of phone calls to make this time of year: friends to call and thank, stores to phone, party arrangements to make? Well, now is the time to collect all these telephone numbers in one spot where they'll be easy to find the year around. And a good place to write them down is in this handy Blue Book. We'll be happy to give you one. Just call, write or drop in and see us. The Blue Book of Telephone Numbers is yours for the asking.

• • • • •

Have a happy holiday

Once again we are completing an enjoyable year of bringing you the best Telephone Service possible. To all our old friends and many new ones added this year the La Mesa Telephone Company wishes you the happiest Holiday season. We hope the new year will hold many good things for you. And, of course, we'll do our best to see that good telephone service is one of those things.

Helix Water Nebo Property To Go On Auction Block

A renewed purchase offer by the James P. Stewarts of La Mesa to buy the Helix Irrigation District Nebo Drive property in that city has caused the district board to put the parcel up for public auction.

The sale date has not as yet been set, general manager Byron Miller said, but will probably fall in mid-January. Appraised value of the property is $29,500 the exact amount of the Stewart's latest offer, which they accompanied by $3,000 escrow deposit check. The couple had previously offered $20,000, in August, and that bid was topped by one from the La Mesa Planing Mill for $22,500. The latest offer provides for escrow completion by July 5, 1957 and removal of a water hydrant located inside the property line.

The property has been used as a meter shop and automotive repair garage. Proceeds of the proposed sale will go toward the erection of a new district administration building at the La Mesa Civic Center.

The board's auction sale decision follows upon action recommended by the Citizens Advisory Committee, made last summer.

Dr. Nicholl Attends Optemetric Society Conference

Dr. Calvin Nicholl, president of the San Diego County Optometric Society, was one of more than a hundred optometrists, industrialists, and others who attended last Wednesday's occupational vision conference at the El Cortez hotel.

Nicholl heard a number of prominent speakers in the field of vision, stress the urgency of well-planned occupational vision programs in industry.

Dr. Gordon Kindy, president of the California Optemertic Association declared that "at least 98 percent of eye accidents in industry can be prevented through established safety rules, such as use of safety glass, etc."

Electronic Brain Handles Traffic Without a Hitch

"The traffic signal put into use Monday morning at the intersection of Massachusetts and Broadway seems to be handling the vehicle flow smoothly and capably. So reported Paul Fowler, traffic engineer for the county road department.

Fowler said that the electronic brain included in the signal light mechanism had automatically adjusted the signal length to accommodate traffic flow in all directions, and that the result had been so satisfactory that he does not contemplate laying out the rubber hose "clicker counters" which his department uses at some intersections. He went on to explain that men from his department are keeping an eye on the intersection so that should the "brain" slip up on its calculations, he would have necessary timing adjustments made.

In 1955 the traffic count on Massachusetts Avenue registered a peak load of 7,876 vehicles during a 24-hour period the count made this year disclosed a peak 24-hour load of 10,003 vehicles, an increase of approximately 25 percent.

Fowler said that it is not customary for the county road department to make a count on a state highway (Broadway) unless some peculiar problem arises.

Lucy Martin To Helm Of Taxpayers Association Group

The Mountain-Valley Taxpayers Association, at their December meeting elected Mrs. (Roy) Lucy Martin as President for the coming year. A. R. Trimble is outgoing President.

Other officers elected were: Tom Love, Vice-president; Roy Martin, Recording Secretary; Mrs. Mildred Aykroyd, Corresponding Secretary; Lillian Swendra, Treasurer.

New Committee Chairmen are: Cecil Grissetti, Finance; Earl Barnes, Rules; A. R. Trimble, Election; Charles Kastriner, Program; Gen. William Miller, Taxation; Commander Ross Miller, Publicity; Sherman Barnes, Public Meetings; Mrs. A. A. Birdick, Education Committee.

The Board of Officers will meet Thursday, January 3, at which time they will set the meeting dates.

President Mrs. Martin has asked for cooperation and assistance of every member, so that in 1957 they may all work together unselfishly and enthusiastically for the community they all love.

Mike Roehm, Polio Victim Shows Marked Improvement

We received a Hallmark card in appreciation at Christmas Time on Tuesday from Mike Roehm, Lemon Grove boy who was stricken with polio a couple of months ago and has been in Children's Hospital receiving treatment under the Polio Foundation.

Mike wrote, under the happily phrased Christmas Greeting, "I go home on Sundays now, and have received my crutches and brace".

I can't express the joyous feeling that came over me when I read this message from Mike, and I mentally thanked again the wonderful work the March of Dimes is doing each year. When polio strikes a friend or some one in your town, it brings the menace of polio closer. Makes me wonder why more advantage of taking shots or having them given to children is not taken of the present seeming surplus of vaccine.

I am writing this somewhat from a personal standpoint. Have not met Mike as yet but I feel as though I knew him. His occasional notes have indicated his determination to win over the stroke Fate dealt him. Remember, Mike is a Lemon Grove boy, graduated from Helix High last June, was stricken with polio a month later, has been in hospital since. The Polio Foundation rallied around, relieved the parents of immediate financial need, and here we have Mike "coming home Sundays". I think that is wonderful, and the best Christmas news I can tell you. Almost makes tears while I am writing this.

Here is a heartfelt MERRY CHRISTMAS, Mike, from The Review staff and all your friends in Lemon Grove.

P.S. Mike's home address is 7562 Roosevelt Ave. Phone HO-9-0369, Lemon Grove.

NEIGHBORLY FARMERS

LOUISVILLE, Ky. (Spcl.) — Although 60 Calloway county farmers were behind in their own plowing and planting this year, they banded together and planted five acres of tobacco for a neighbor, Thomas L. Armstrong, who was two months recovering from rheumatic fever. Fourteen other neighbors, twelve with tractors, plowed the 16 acres of Wavil Joseph, stricken with measles along with his three children.

The Dimmer View

By MAX GOODWIN

I showed my scientific acumen the other day when I wrote about an architect, Herluf Brydegaard, who designed Mt. Miguel High School. He placed the school's corridors on the outside of the building and put the classrooms back-to-back, then he ran the sewer, water, electric and heating lines in one straight string between the classrooms instead of the conventional grid arangement which runs up the cost teriffically.

Whether I understood it or not, I felt so smart after reading what I had written that I went on a scientific binge and the past week or so I collected bits of flotsam and jetsam washed across my desk by persons and firms who use the press to butter their own cookies.

Example: The Schering Corporation of Bloomfield N. J. through it's mouthpiece, a Mr. George Straayer sends the breathless word that a medicine, successfully tried on humans and found safe in treatment of arthritis, will now be used on animals.

So the antivivisectionists have finally won!

Latta and Company keeps my pigeonhole (w. basket) pretty full but they offered the astounding news last week that gymnasium floors in California high schools involve a new form of construction.

First, they say, comes a huge concrete slab. Then a series of 2"x3" runners parallel the length. Then comes another series of 2"x3" runners at right angles. Over this, at right angles (that figures) is layed the floor. The floor, they suggest, should be sanded and finished. This, they say, will give resiliency that will protect the gymnast's foot health.

Now let's try to get something to stick in the student's head.

From the San Diego Department of Public Health comes a lexicon having to do with degeneration of the air we breathe in San Diego County.

"Pollutants", they offer, are waste materials that impair the quality of air.

"Hydrocarbons" are vapors from gasoline, diesel fuel and the like. "Ozone" is a 3-atom molecule of oxygen which irritates mucous membrane. 2-atom molecules are "good guys." "Aldehydes' 'are gaseous componds which irritate and stink. "Oxidants" become "bad guys" when they meet other compounds and get exposed to energizers . . . as sunlight.

There are others, but these are the main ones. All of them have equally foreboding names and each of them contaminates the air to some degree.

Did anyone ever think of calling them "smog"?

From notes on a talk made by R. J. Pallette, chief of the El Cajon Sewerage Disposal Plant, comes some meaty material. This talk is made to school kids, generally. Says Mr. Pallette: "If 11,000 people should put sandy clothes in the washer, allowing only one grain for each garment, the result would be 11,000 grains in our pipes.

Well, that figures!

From the Del Mar Turf Club comes a note enthusiastically proclaiming six new records for 1956.

1. Biggest daily double pay-off ($102,314).
2. Biggest amount bet on a single race ($210,155).
3. Biggest single day's betting ($1,536,600).
4. Biggest daily average ($860, 180).
5. Biggest meet total ($34,407,242 for 40 days).
6. Jockey Johnny Longden's setting world record for winners ridden (4881).

What ever became of vivisectionists?

Rumble Over TV Stars' Fancy Appearance Fees

"Nice work if you can get it." Here is what sponsors must pay some of the top stars for a one-night stand on television, according to Sponsor Magazine:

Danny Kaye, $300,000; Frank Sinatra, $300,000; Bill Holden, $100,000; Judy Garland, $75,000; Mary Martin, $50,000; Jimmy Stewart, $75,000; Gregory Peck, $75,000; Cary Grant, $75,000; Rock Hudson, $50,000, Changing Times, the Kiplinger Magazine, reports.

Seems like that there is a lot of money for the sponsors to dig up for one appearance on tv. Not having a tv set, we can't judge, but from other items in Changing Times, we gather that there is a battle looming between the various big advertising agencies, with a possibility that congress may take some action.

Four agencies, all top flight, control the giving of these fat parts, and the smaller fry don't like it. Also, some of the sponsors are kicking about the high cost of talent. Changing times seems to have the edge on the news.—D. H.

SIGN

Sign on a truck in Providence: "This truck stops for all railroad crossings, redheads and brunettes — and will back up a half mile for a blonde."—Coast Guard Magazine.

MORE DOLLARS SPENT, SMALLER PRESENTS WAS '56 YULE TREND

People spent more money in Lemon Grove for Yule gifts; they brought more items; they apparently tried to remember everyone with longer "giving" lists —but definitely spent more carefully for Christmas, 1956 than they did the year before.

A door-to-door canvass of thirty retail establishments here last week disclosed that 27 of the stores enjoyed a greater dollar volume, and a larger item turnover this Christmas season than last. Only two store managers or owners consulted said that each purchase was in a smaller amount this year than last. Seven said that there had been a marked tendency this year to evaluate each gift purchase, a decided tendency to weigh whether or not the item under consideration was worth the asking price. All 21 store operators in this category said that there was no indiscriminate buying this year as there was in past years.

Eleven store managers selling items which could be bought on long credit terms reported that there was present this year a VOLUNTARY increase in the down payment over and above the minimum down payment required by the stores "so that payments would not be so big each month."

Twenty of those consulted said that less than one percent of credit applications had to be turned down because of poor credit standing.

Every store manager consulted said that "whimsy" or frivolous gifts were in the minority this year. That is to say buyers gave more consideration this year to the utility aspects of the gifts they bought.

Do-It-Yourself gifts again played an important role in Yule gift giving, but there was a marked tendency to stick to simple crafts instead of the more elaborate fields explored by the do-it-yourself addict last year.

Two establishments disclosed a heavy run on Christmas cards designed for the giving of currency or silver dollars as presents.

A concensus of all consulted marks greater retail sales dollar volume this year over last year, but a decided slice in the dollar value of each gift purchased.

Incidentally, Lemon Grove and Spring Valley stores will not be open New Year's Eve, most of them closing at their usual week day hour. Excepted of course, are those retail establishments normally remaining open all or part of the evening.

TWO BOYS NABBED IN DESTRUCTION OF AVOCADO TREES

A manhunt turned into a boy hunt in the matter of avocado tree vandalism at the home of Rudolph Schmit, 2692 Buena Vista Avenue, Lemon Grove, as Sheriff's Deputy Ernie Sable probed the raid.

He founded up two boys, age 11 and 13 years who under questioning, admitted that they had cut down eight avocado trees and done other damage on the Schmit property.

The "George Washingtons" axe wielders were released to custody of their parents pending a hearing by officials of the county probation department.

Sheriff's Department 'Flying Squad' To Act on Juvenile Complaints

(Editor's Note—Continuing juvenile delinquency problems in Lemon Grove and Spring Valley, acts of vandalism traced to juveniles, and general rowdyism caused a REVIEW staff member to confer with key figures in the Sheriff's Department. The result is the story below revealing that Sheriff Bert Strand had already taken steps to remedy the situation.)

Unincorporated as well as incorporated areas in San Diego County are going to get relief from a growing juvenile delinquency problem, and get it quick through creation of a special juvenile division or "flying squad" in the Sheriff's Department.

On December 12, Sheriff Bert Strand called Lieutenant Robert A. Randall into his office and told him that from that date on he was in charge of the Sheriff's Department Juvenile Division. Strand told him to get busy and organize such a division, to figure out its budget and personnel requirements, and get it going at the earliest possible moment that money and men could be found.

Studied at USC

Randall, who is a long time lieutenant in the criminal department of the sheriff's office, got to work and as an assistant drew Deputy Fred Webber. The latter is a graduate of several training courses given by the University of Southern California.

Randall, still up to his ears in criminal investigation matters for the sheriff, set to work and has been busy during the week drawing up plans for the juvenile division, figuring out how many men it will take, and which areas of the county need help immediately, and who is to give that help pending complete organization of the juvenile division.

Randall, in explaining his new assignment said, "We have a peculiar problem in the sheriff's department in approaching the juvenile delinquency situation. Some of the areas we serve would require that a man or men would have to travel 30 or 40 miles on an investigation or an emergency call. At present we do not have the men to keep half a dozen sitting on a bench awaiting assignment to a case or an incoming call.

"Some of the areas will have to be worked through men already stationed at the sub-stations but we will give them special training and personal direction in the handling of juvenile problems.

"As soon as I figure out how much money I will need and how many men it will take to create such a juvenile division, I will lay my survey before Sheriff Strand and we will go to work.

Already Started

"The sheriff decided two weeks ago Monday to act, that the juvenile problem had slid along in a more or less haphazard fashion long enough, so here we are with a new sheriff's juvenile division, and we are going to do something quickly about this growing out-county kid problem. In the process I have to find a way to relieve myself of the criminal investigation matters with which I am already charged.

"Heretofore there has been too long a lapse between receipt of a call about juvenile acts and the time that deputies actually went to work on the case. That is one of the things that the new juvenile division will eliminate.

"Sometime in between the holidays I will have a more concrete idea about what we are going to do, but the big thing right now is that the sheriff's juvenile division is a reality."

DOUGHTY HUNTERS, LIMIT BAGGED, ICE COVERED, SNOWBOUND BACK IN L.G. TO THAW THEIR BONES

By Dick Henderson

"My hoarse-sounding horn
Invites Thee to the chase, the sport of kings,
Image of war, without its guilt."
—William Somerville

I needed a quotation about hunting to start this story, and a lady at S.D. Public Library kindly looked up three. This seemed most appropriate to a tale of two hunters, who live in Lemon Grove, own Leewood Trailer Court, in fact, and love to hunt.

Jim Woody and his wife left home May 17th for Northern California, to be gone as long as the hunting season lasted, which was the fore part of December this year. Jim and his wife own two cabins at Mammoth, California, in Modoc County, which borders on the California - Oregon line, and is a far piece from balmy Lemon Grove when cold weather sets in.

I got a tip from a friend that I could get a good story from Jim Woody, home November 17th from a six-months hunting trip, and where to find him, so I hipered down to Leewood Trailer Court, located Jim Woody. He asked what I wanted. I told him a story about his long trip, long in absence, that is. Before he could get started Jean stuck her head out of the door and said "be careful Jim, that guy will steal the story that you're gonna write. Remember Tom Carmichael". The Woody home had several guests and all offered advice to Jim, but he kidded 'em back and got back to me. Not counting interruptions, Jim's story was:

"We left here in May, drove to Mammoth, where we have a couple of cabins, and make our headquarters. (I couldn't locate Mammoth on any three road maps, but it must be in Modoc National Forest, in Modoc County.)

Jim and Jean started their hunting tour at Crawley Lake, near Bishop, trout being first on the menu. Ducks in Purple Lake were next. This lake is about 10,500 feet up in the air, and ducks fly high up yonder. Then came Gibb's Lake, lots of Golden Trout, and Grant Lake. The Woodys hiked in to Lone Indian Lake, altitude 10,200 ft., still catching trout to the limit.

Deep Creek Basin, and Alkali Flats had fish and ducks.

The hunters worked around to Bishop, where they were joined by four friends who live there. I was told the names of the four, but it was getting dark and I can't read my notes, except that Blake Jones is a licensed guide and knows all the fishing and hunting spots. The party got the limit each day of mallards and pin tails. Mr. Helmerich is another name I was able to decipher in my hastily written notes. That leaves two of whom I missed.

The Woodys travel in a 4-wheel drive pick-up, which they leave at Mammoth.

The latter part of November, after the Woodys had "limited out" on all the game they hunted, including pheasants, there was 8 ft. of snow at Mammoth, but Jim was in no hurry to get home to "the Best Climate on Earth". Jean fell through the ice into an irrigation ditch, came into the house wearing solid ice leggins, laughed about it. She is a swell gal to go on a hunting trip with, I would say. No crabbing about anything.

During the last storm they went oevr to Alturas for geese. Took 13½ hours to get from Bishop to Davis Creek. Snow and sleet flying but they "limited out" again. Game Wardens are plentiful in that section and they watched Jim pretty closely, but he says he has never overstepped, but the Wardens keep him lo-

The party was composed of four fellows, including Forest Ranger Barney Sweat, Archie Mahan, Richie Thompson, Ted Burner, all natives of Mono County, all hunters. The party slept warm in a house built 60 years ago, windows all knocked out and plenty of ventilation. They had down sleeping bags and slept warm, but the snow on their boots froze the foot-wear to the floor, and had to be pried off in the morning. Imagine 7 degrees below, and sleeping warm! Every room in the house had a stove, but no stove pipe!

The boys split the take on honkers, but they "limited out" again.

Jim and Jean decided that Lemon Grove would be a good place to thaw out, so when they got their car to percolating, they came home and have made their hunter friends hereabouts envious. (They would make a good couple to go to Africa on a "Safari", but they'd have to take an ice machine.)

Now if this story seems mixed up to YOU, think of me, tryin' to get a story with the wife interpolating suggestions "don't tell him that, he will steal your stuff," and others slipping in items, and me trying to take notes. If you want any details cleared up, call Jim Woody. he's a real guy.

PEAK DAY SEES 50,000 GREETING CARDS HANDLED BY LEMON GROVE PO

Postmaster Frenchy Faucher said Friday that the people patronizing the Lemon Grove Post-offfce had mailed in excess of 300,000 Christmas cards during the 10-day period ending Friday night.

Peak cancellation day during 1956 Yuletide season turned out to be Monday, when more than 50,000 pieces of mail had their postage cancelled. That represents a 10% increase over the peak day last year.

Faucher remarked that on the day that the postage on the 50,000 pieces of mailed were cancelled, the postoffice crew also handled 50,000 pieces of incoming mail. That meant that more than 100,000 pieces of mail were handled during the 24-hour day.

No figures are yet available on parcel post volume, but Faucher did say that the peak day saw 127 sacks of outgoing parcel post handled and 110 sacks of incoming parcel post were handled on that peak parcel post day - Thursday.

Handling that volume of mail was a crew of 21 regular employes and 21 extra helpers.

Stealing Pop Bottles Gets Kids in Jug

Deputy Sheriff Ernie Sable late Friday night arrested two young men, John Bates, and Richard Henderson, both of Lemon Grove for the theft of empty cases of pop bottles.

The alleged thefts took place at Mobile Manor, 7070 Broadway. One of the youths charged was seen committing the act and the other was traced through the license on the automobile used in the act.

Both were lodged in the San Diego County jail.

It's Veep Harms of The First National Now

Bruce Harms, retiring president of the Lemon Grove Chamber of Commerce has been made an assistant vice president of the First National Bank at the Euclid and Federal branch where he is manager.

Harms was assistant manager in Lemon Grove for 7 years. He was transferred to his present assignment in July when the branch was opened.

Jack Koop is present manager of the Lemon Grove branch.

RECORD NEAR ON LOW FIRE LOSS

Lemon Grove Fire Department Chief Harold Hensley and Captain Harry Alexander are keeping their fingers crossed between today and the end of the month about fire alarms.

Hensley and Alexander said that if area residents exercise the same caution for the rest of the year that they have thus far in 1956, the year will set a record low in fire losses handled by the department.

Hensley pointed out that the next seven days constitutes the most hazardous period of any year as far as fires are concerned. With everyone in a holiday mood, people are prone to be careless about coping with fire dangers. If people will just exercise ordinary caution, the holiday period will be a happy one, and the department loss records will show a new low.

The two fire fighters offered these holiday fire precaution suggestions:

DON'T throw wrapping paper and cardboard cartons near a heating unit or let them fall across electric extension wires.

DON'T leave the house without making sure that the Christmas tree lights are turned off, that electric toys and appliances are unplugged from a wall outlet.

DON'T let children, or adults, for that matter play with or handle electric toys near a tub or other receptacle filled with water. Electrocution is easy if they do.

REPLACE burned out tree lights at once or turn off the whole system if you have no replacement bulbs.

In the excitement of Yuletide gatherings, keep kids in sight. A thoughtless act by a child, bubbling over with excitement can cause a tragedy.

More Than One Way To Skin An Outhouse Cat

There's more than one way to skin a cat and some of the local folk got together and defurred a slickery one last week.

The construction firm putting in the new pipe for the irrigation district planted one of those portable outhouses directly in front of the Nativity scene which the Business Women's League erects each year on the plaza.

The women complained several times over a period of several days about the incongruous arrangement but the construction people wouldn't move the toilet.

Ethel Oyler, president of the League complained to this newspaper. This newspaper sent word to the construction people that it's photographer would make a picture of the impious union at 11 a.m. to use in this week's paper.

At 9 a.m. the building was moved.

LESSON-SERMON ON "CHRISTIAN SCIENCE"

"Christian Science" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, this Sunday.

Included in the sermon is a passage from one of the two preachers, the Bible, giving the words of the "beloved" disciple, John, who recorded Jesus' statements regarding the Comforter. Jesus said, "I have yet many things to say unto you, but ye cannot bear them now. Howbeit when he, the Spirit of truth, is come, he will guide you into all truth . . . . for he shall receive of mine, and shall shew it unto you". (John 16:12-14).

Monkey Business In Line of Duty For Our Firemen

Anytime you accuse fire department Captain Alexander and Engineman Mark Foote of carrying on monkeybusiness while on duty you would have a fight on your hands.

But Friday afternoon they cheerfully accepted the accusation and admitted they engaged in monkeyshines as they rescued a small ringtail monkey from his lofty perch atop a eucalyptus tree near the Lemon Grove Pet Shop.

The monkey escaped from his pen in the shop and fled to the outermost branch of the tree. The limb was too small to bear a man's weight so Alexander and Foote brought a 24-foot ladder into use, and used a hose with a light stream of water. The wet monk fled chattering to the ground, where he was easily caught and led back to his pen.

Incidentally, that monkeyshine rescue call was the first alarm of any kind by the Lemon Grove Fire Department in 19 days.

November 20, 1956

Under provisions of section 2455, R. S., as amended by section 14 of the act of June 28, 1934 (48 Stat., 1274; 43 U.S.C. 1171), and pursuant to the application of Ernest Elwood Walters Serial LA 0140949, there will be offered to the highest bidder, but at not less than $4.00 per acre, at a public sale to be held at 10:30 o'clock a.m., on the 4th day of February next, at this office, the following tracts of land:

Lots 1, 2, 3, 4, E½NW¼ Sec. 7, and Lot 1 Sec. 18, T. 17 S., R. 1 E., SBM, California, 288.17 acres.

Bids may be made by the principal or his agent, either personally at the sale or by mail.

Bids sent by mail will be considered only if received at this office prior to the hour fixed for the sale. Bids must be in sealed envelopes accompanied by certified checks or post-office money orders made payable to the Bureau of Land Management for the amounts of the bids. The eneveloped must be marked in the lower left-hand corner "Public sale bid, Serial No. LA 0140949, Sale, February 4, 1957."

The highest bidder will be required to pay immediately the amount thereof.

Any adverse claimants of the above-described land should file their claims, or objections, on or before the time designated for sale.

Any continguous owner claiming a preference right must assert such right within 30 days from the above sale date.

PAUL B. WITMER
Manager, Land Office

CERTIFICATE OF BUSINESS FICTITIOUS FIRM NAME
No. 20002

The undersigned do hereby certify that we are conducting a gasoline service station business at 7700 Broadway, Lemon Grove, California, under the fictitious firm name of Lemon Grove Texaco Service and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

William E. Taylor, residing at 7274 San Miguel Avenue, Lemon Grove, California.

Mildred W. Taylor, residing at 7274 San Miguel Avenue, Lemon Grove, California.

Witness our hands this 11th day of December, 1956.

William E. Taylor
Mildred W. Taylor

STATE OF CALIFORNIA)) ss.
County of San Diego,)

On December 11, 1956 before me, the undersigned, a Notary Public in and for said County and State, personally appeared WILLIAM E. TAYLOR and MILDRED W. TAYLOR known to me to be the persons whose names are subscribed to the within instrument and acknowledged that they executed the same.

WITNESS my hand and official seal:

(Seal) James B. Pearce
Notary Public in and for said County and State.
My Commission Expires June 4, 1957.

LG. Review, Dec. 13, 20, 27 & Jan. 3

STORES TO CLOSE EARLIER CHRISTMAS EVE

Most of the Lemon Grove merchants will close at 6 o'clock Monday evening, Christmas Eve.

Gladys Kranch, secretary of the Lemon Grove Chamber of Commerce said, that while stores had been remaining open evenings for the accomodation of Yule shoppers, most store managements had decided to close Monday evening in order that their employees might have time to prepare for the holiday following.

NOTICE OF PROPOSED CHANGE OF ZONE CLASSIFICATION

A public hearing will be held in Room 358, San Diego City and County Administration Building, Civic Center, San Diego, California, on Friday, January 11, 1957, at 9:39 a.m., on an application for the reclassification of portions of Lots 14, 15 and 18, Arcadia, according to Map thereof No. 1250 (more particularly described in records on file in the office of the County Planning Department, Room 044 Civic Center, San Diego, California), and adjacent areas, located on the south side of Palm Street, approximately 150 feet east of Imperial Avenue, Lemon Grove Section, from R-2-A Zone to C-1 Zone, or a more restrictive zone; being the request of Edwin A. Mueller and Marie H. Mueller; and in accordance with Ordinance No. 1402 (New Series), as amended, San Diego County, California.

SAN DIEGO COUNTY PLANNING COMMISSION
Willis H. Miller,
Director of Planning

L.G. Review, December 27, 1956.

Re Construction of a Sanitary Sewer System in DARRYL STREET, et al in LEMON GROVE, in the Unincorporated Area of the County of San Diego, Area No. 46 . . . . .

RESOLUTION OF INTENTION

On motion of Supervisor Howell, seconded by Supervisor Bird, the following resolution is adopted:

WHEREAS, this Board of Supervisors heretofore designated the Director of Public Works of the County of San Diego as the Superintendent of Streets and the Engineer to perform any and all duties conferred upon the superintendent of streets or the engineer by the Improvement Act of 1911 in connection with the work and improvement and assessment hereinafter described; and

WHEREAS, the Engineer has furnished to this Board of Supervisors plans and specifications for the construction of a sanitary sewer system in a portion of the unincorporated area of the County of San Diego, together with careful estimates of the costs and expenses of such construction, which are on file in the office of the Clerk of the said Board of Supervisors; NOW THEREFORE,

IT IS HEREBY RESOLVED that public interest and convenience require and it is the intention of the Board of Supervisors of the County of San Diego (hereinafter referred to as the Board of Supervisors) to order the following work to be done and improvement to be made in the unincorporated area of the County of San Diego, to wit:

The construction of sewers, manholes, and appurtenances in DARRYL STREET between the easterly line of KEMPF Street as shown on Map No. 2600 of Alfred Subdivision and the northerly prolongation of the easterly line of Lot 17, Rancho Na-Mors, Map No. 2822.

LINCOLN STREET between the [illegible] prolongation of the westerly line of Kempf Street and the westerly line of Washington Street.

All of NATHAN STREET as shown on Map No. 2822 of Rancho Na-Mors.

KEMPF STREET between the southerly line of Lincoln Street and the westerly prolongation of the northerly line of Darryl Street as shown on Map No. 2600 of Alfred Subdivision.

SKYLINE DRIVE between the easterly prolongation of the northerly line of Lot 57, Longdale Manor, Map No. 3514 and the northerly line of said Longdale Manor.

Unnamed portion of ROAD SURVEY No. 1161 between the northerly line of Longdale Manor, Map No. 3514 and the southerly line of Lincoln Street.

All of the said work hereinbefore generally described shall be constructed in the manner, to the grades, at the locations, within the limits, of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefor, contained in Document No. 202856, on file in the office of the Clerk of said Board of Supervisors, and copies of which are on file in the office of said Engineer, and by this reference thereto, all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board of Supervisors hereby determines and declares that serial bonds shall be issued to represent each assessment of twenty-five dollars or more remaining unpaid after the full expiration of thirty days from the date of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding the next October 15th following their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year following the next October 15th after their date until the whole is paid. Said bonds shall bear interest at the rate of six percent per annum, interest payable semi-annually, by coupon, on all sums unpaid until the whole of said principal and interest are paid. Said bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

The contemplated work and improvement hereinbefore mentioned is, in the opinion of said Board of Supervisors, of more than local and ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board of Supervisors does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain map bearing number 76-2442, indicating the exterior boundary lines of such district, which map, approved by said Board of Supervisors is on file in the office of the Clerk of said Board of Supervisors of the County of San Diego as Document No. 202855, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to said map for a particular description of such district.

It is the opinion of said Board of Supervisors that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Monday, the 7th day of January, 1957, at 11:00 o'clock a.m., in Room 358, City and County Administration Building, 1600 Pacific Highway, San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Supervisors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Clerk of the Board of Supervisors of the County of San Diego, in Room 308 of said City and County Administration Building, not later than the hour hereinabove set for hearing. No other protests or objections will be considered.

The Clerk of this Board of Supervisors is hereby directed to cause this Resolution of Intention to be published twice in the Lemon Grove Review, the newspaper hereby designated for that purpose by this Board.

The Clerk of this Board of Supervisors is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to said Clerk, all in the time, form and manner required by law; if property assessed by the State under Section 14 of Article XIII of the Constitution is proposed to be assessed, such notice shall be mailed to every owner of such property at the address thereof shown on the last board roll transmitted to the County Auditor as required by Section 5070, Streets and Highways Code.

The Clerk of this Board of Supervisors shall, upon completion of the mailing of said notices, file with this Board an affidavit setting forth time and manner of the compliance with the above requirements for mailing such notices.

The Superintendent of Streets shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted in front of each quarter block or irregular block liable to be assessed, and when the work is chargeable upon a district, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet in distance apart on each street so posted; all in the time, form and manner required by law; and thereupon said Superintendent of Streets shall cause to be filed in the office of the Clerk of this Board of Supervisors an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911," and amendments thereto.

PASSED AND ADOPTED by the Board of Supervisors of the County of San Diego, State of California, this 4th day of December, 1956, by the following vote:

AYES: Supervisors Bird, Robbins, Austin, and Howell.
NOES: Supervisors None.
ABSENT: Supervisor Gibson

STATE OF CALIFORNIA)) ss.
County of San Diego)

I, R. B. JAMES, County Clerk of the County of San Diego, State of California, and ex-officio Clerk of the Board of Supervisors of said County, hereby certify that I have compared the foregoing copy with the original resolution passed and adopted by said Board, at a regular meeting thereof, at the time and by the vote therein stated, which original resolution is now on file in my office; that the same contains a full, true and correct transcript therefrom and of the whole thereof.

Witness my hand and the Seal of said Board of Supervisors, this 4th day of December A.D., 1956.

SEAL
R. B. JAMES,
County Clerk and ex-officio of the Board of Supervisors.

Lemon Grove On Top in Building Permit Marathon

Lemon Grove, with a building volume of $797,200 in November, is virtually assuerd of regaining the construction lead over all other unincorporated areas.

Vista topped the building parade last year and led for several months this year, dropped to $324,800 in November, fourth on the list. Other areas ahead of Vista last month were Escondido with $475,300 and Imperial Beach with $415,000.

And did you know that Imperial Beach has already started to annex contiguous territory? Yep, our newest city has taken a leaf out of Les Freeman's little red book and started on a career of annexation. Mexico City better watch out.

Development of several new, large subdivisions accounts for the latest Lemon Grove upsurge. Several times through late summer the Lemon Grove monthly totals have exceeded $750,000.

November's permits in our soon-to-be-city included 61 single family houses valued at $657,500 an deight multiple units, $59,000. October's permits for 33 houses were valued at $359,600.

Come on in, folks, the water's fine. Settle in Lemon Grove and have a lifetime of real living.

The volume of building permits in the unincorporated areas of San Diego County already has surpassed any previous 12-month period. Through November, the total was $43,203,580. The December staistics will add to the new record, and may go as high as $10,000,000 over any previous year.

County building has exceeded the four-million-dollar mark in four months of 1956, including the all-time monthly high, $4,721-000, established last June.

Legal Trash Burning Hours Continued

Due to the extreme dry weather and fire hazards in the Spring Valley area, the legal burning hours are to be carried on indefinitely, according to Fire Chief Don Clark. Legal burning hours are 6 to 9 a.m. and 6 p.m. on.

A fire patrol is now on duty to see that the legal hours are being observed.

Anyone purchasing Christmas tree lights at this late date is urged to check them for shorts as a fire precaution. Chief Clark says that anyone with a spray gun who wishes to spray the Christmas tree may call at either fire station for the correct formula of spray.

Illegal Burning Continues

Chief Clark says illegal burning still continues to irk the fire department. Three such fires had to be extinguished last week. On Saturday, December 15 at 1:30 p.m., a grass fire at 1456 Helix. The same afternoon at 4:14 there was a grass fire on Jamacha Road.

On Sunday, December 16 at 11:40 a.m. there was a grass fire at 3916 El Canto Drive.

A Cadillac car went into the ditch at Sweetwater Road and Ildica Wednesday, December 19. The fire department was called at 6:17 p.m. to wash gasoline from the road. No one was hurt, according to the report. At 6:50 p.m. the same evening a feed pen burned at Jamacha and Sweetwater Avenues.

Beverly Day Aids Victims of Nervous System Disease

Mrs. Beverly Dey, 3786 El Canto Drive, Spring Valley, has joined her sister members of Alpha Chi Chapter of Alpha Zeta Beta Sorority in an effort to bring happiness to 200 victims of crippling multiple sclerosis.

The Alpha Zeta Beta Sorority numbering 28 members responded to an appeal from the San Diego Chapter of the National Multiple Sclerosis Society by acquring presents which were distributed to the patients at the MS Christmas party held Friday, December 21 at the Indoor Sports Club in San Diego.

Mrs. Dey, chairman of the charity committee of the sorority, said "Our sorority will continue to lend their assistance to the San Diego Chapter in behalf of those unfortunate victims of multiple sclerosis. We want to do our part toward the understanding, service and support needed if we are to combat this mysterious disease of central nervous system that attacks only the young adult between the age of 20 and 40."

The San Diego chapter is organized to serve the local needs of multiple sclerosis in the entire county of San Diego.

Lynn Warden's Mystery Ailment Downs Him Again

Lynn Warden, Lemon Grove boy who has been ill in Army Base Hospital in San Antonio with an as-yet unidentified ailment resembling undulant fever, but diagnosis still not definitely known, went back to San Antonio Nov. 28 after having spent six weeks visiting his folks here.

He was rather weak when he came, but the rest and care given him by his mother seemed to improve his condition, though he picked up a virus of something that put him down again. He returned to San Antonio by plane, being too weak to ride the bus as he planned.

The doctors are awaiting a report from Johns-Hopkins on what they may learn. His case is peculiarly important, as the doctors in the service have been unable to find what his trouble is, and are using every means known to learn.

Lynn was not able to visit around much while he was here. Stayed in bed and rested 'til noon, dressed and rested in afternoon. Gained in appearance, but not in weight. So we will have to be patient a while longer until it is definitely known what ails our boy.—D. H.

The Stork Parade

SISTERS-IN-LAW HAVE BABIES SAME DAY

Mrs. David Keyte and Mrs. Charles Keyte, sisters-in-law, both living at 3658 Fairway Drive, Brookside, had the distinction on Saturday, December 15 of having their babies the same day.

Mrs. David Keyte's husband, an enlisted man in the Air Force stationed in Greenland, has been here for the birth of his child. He was taking the expectant mother to the family hospital at North Island. Crossing the bay via the Coronado ferry, Mister Stork couldn't wait, so the child was born in the family car. Papa David delivered the child. It was wrapped in a blanket and taken on to the hospital.

A report from the Keyte home last Wednesday said the child and mother are doing quite well. A son named Kenneth David, he weighed 9 pounds 6 ounces at the hospital. Another child, a daughter named Tamera, 1½ years old, blesses the David Keyte home.

Mrs. Charles Keyte's child, who arrived at Mercy Hospital that same night, was also a boy. The little lad, who weighed 7 pounds, 11 ounces, has been named Paul Martin. He has a brother, Charles Jr., 2½ years old.

Charles Keyte is with the Rohr Aircraft Company. The Keytes have lived here since September.

Mr. and Mrs. Donald Bland, now of La Mesa, are celebrating the arrival of their first born, a daughter named Vicki Sue, born at Paradise Valley Hospital Friday, December 14. The little charmer weighed in at 6 pounds, 15½ ounces.

Mrs. Bland (Frankie) is the daughter of Roland and Grace Harriss of Bancroft Drive, Spring Valley. The new arrival is the first grandchild in the Harriss home. The Harrisses have lived in Spring Valley about ten years.

The new papa's folks are living in Ohio.

Throwin' the Bull

It's a Joke, Son! . . . The human brain is wonderful. It starts right in working the moment you wake up in the morning and doesn't stop until you are called on in class.

——BT——

The Modern Fads! . . . Illinois high school guys stick fluorescent letters on their back car bumpers to indicate their steady . . . . Lavender colored jeans are the junior high crowd fads in Indiana . . . . Some more Illinois cats 'n chicks tie their shoelaces from the top down, meaning they're playing partners with someone . . . . Friendship rings on chains around the neckbone signals, you guessed it — going steady. That's the big doings in Ohio.

——BT——

Altar Arrests! . . . Helix Junior Carol Kniss is very happy playing the role of wifie to Philip Lindsay . . . . Another Lemon Grove gal is entering the marriage ring. Beverly Bodie is engaged to Lyle Finnerty . . . .Roy Maxted claimed Diane Oderkerk as his permanent mate . . . Winter Helix grad of '57 Vera Admire is engaged to Darryl Dugan . . . . Pert 'n pretty Marylyn Sharp (songleader of Highlandville in '55) recently married Don Knoner.

——BT——

Cool 'n Casual! . . .. Paradise Mesa drag strip has a new special stock class that is being held by a '57 Chevy that roared the quarter mile in 87.29. What happened to the Ford? . . and speaking of roadsters - The first thing that strikes some tourists when they pass through Lemon Grove is a hot rod . . . .One cool head to another, while looking at an Egyptian mummy: Dig that crazy band-aid . . . . Foolish males have been classified in four catagories. A GORK is a guy that throws profanity in all of his sentences. A FLEAP is a cross betwixt a creep and a freak; he's the fellow that sports threads from backwardland. A DRAGGIN' DAD is the guy continually tardy for a date-time and a make-out-artist is just what the phrase would indicate . . . Humor has it that it's very difficult to keep a good reputation in Lemon Grove. Sadly enough, a good reputation is based upon the opinions of people who don't have one . . . . And from the youth that represent this column we wish you a "cool yule" and a "frantic first".

——BT——

Dis 'n Dat . . . . Jottings on a high school cheerleader and Helix's 12 annual traditions.

A prep (or college) cheerleader is equipped with a hundred-and-one notions and a healthy set of iron lungs; he works at maddening the stadium with shrieks or makes the rafters hum; in high school or college he leads the cheers; he jumps, leaps and flips without any fear. He may seem a bit unusual, because sometimes "he" may be a "her"; but any person who drags out the yells is, well, the greatest, sir. Cheerleaders are a different lot, but important in their own way, as they sometimes help save the day; when you see them at a football or basketball tilt, follow their self-inflated spirit and have no feelings of pepless guilt . . . Helix High School's dozen traditions are the bagpipe band, the tartan bearers, welcome week, the Helix-Grossmont musket, Hoot Mon Day, nominating convention, Inaugural Ball, leadership conference, prom, senior ditch day, banquet and four senior privileges . . . . . M E R R Y CHRISTMAS to all, and to all a CHRISTMAS MERRY!!

VOWS EXCHANGED—Miss Charleen Spisak became the bride of John R. Raser in a Thursday evening, December 13 ceremony at the Skyline Wesleyan Methodist Church. The bride and groom are shown here with the Reverend Orval Butcher, who performed the ceremony.

The bride is the daughter of Reverend and Mrs. Charles B. Spisak, 1680 Taft Street, Lemon Grove and the groom is the son of Mr. and Mrs. R. L. Raser, Dallas Center, Iowa.

The rites included an organ prelude by Sue Spisak, the bride's mother; a vocal solo by Reverend Butcher; a prayer of dedication offered by the Reverend David H. Scott, the bride's maternal grandfather; and ring bearer service by Sondra and Melissa Spsak, younger sisters of the bride.

Mrs. Karl Green was bride's attendant; and Earl Hensel was the groom's best man. A post-nuptial dinner party was celebrated at the San Diego Club for 20 guests.

After a brief honeymoon, Mr. Raser will return to Paris where he is attached to the UNESCO headquarters in that city, with a year yet to serve at his post. The bride will resume her residence with her parents and her position as an employee of the Pacific Telephone and Telegraph Company. —L. G. Camera Foto

PROPHETS OF OLD FIRST ANNOUNCE PRINCE OF PEACE

(Continued)

to us a child is born, unto us a son is given, and the government shall be upon his shoulders, and his name shall be called WONDERFUL . COUNSELOR, THE MIGHTY GOD, THE EVERLASTING FATHER, THE PRINCE OF PEACE. of the increase of his government and peace there shall be no end, upon the throne of David, and upon his kingdom, to order it, and to establish it with judgment and justice henceforth even for ever. The zeal of the Lord of hosts will perform this.—Isaiah 9:2-7.

To Gather Lost Tribes

I will gather the remnants of my flock out of all countries whither I have driven them, and will bring them again to their folds . . . and I will set up shepherds over them which shall feed them, and they shall fear no more, nor be dismayed, neither shall they be lacking, saith the Lord. Behold the days come, saith the Lord, that I will raise unto David a righteous branch, and the king shall reign and prosper, and shall execute judgment and justice in the earth . . . And this is his name whereby he shall be called, THE LORD, OUR RIGHTEOUSNESS.—Jeremiah 23:3-6.

Now gather thyself in troops, O daughter of troops; he hath laid seige against us: they shall smite the judge of Israel with a rod upon the cheek. But thou, Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall come forth unto me one that is to be ruler of Israel; whose goings forth have been from old, from everlasting . . . . And he shall stand, and feed in the strength of the Lord, is the majesty of the name of the Lord his God; and they shall abide; for now shall he be great unto the ends of the earth.—Micah 5:1-4.

Virgin Birth Recorded

In the sixth month the Angel Gabriel was sent from God unto a city in Galilee, named Nazareth, to a virgin spoused to a man whose name was Joseph, of the house of David; and the virgin's name was Mary. And the angel came unto her, and said, Hail, thou art highly favored, the Lord is with thee: blessed are thou among women. And when she saw him, she was troubled at his saying, and cast in her mind what manner of salutation this should be. And the Angel said unto her: Fear not, Mary: for thous hast found favor with God. And, behold, thou shalt conceive in thy womb, and bring forth a son, and shalt call his name JESUS. He shall be great, and shall be called Son of the Highest: and the Lord God shall give unto him the throne of his father David: and he shall reign over the house of Jacob forever; and of his kingdom there shall be no end. Then said Mary unto the angel, How shall this be ,seeing I know not a man; And the angel answered and said unto her, The Holy Ghost shall ocme upon thee, and the power of the Highest shall overshadow thee: and therefore also that holy thing which shall be born of theee shall be called the Son of God.—Luke 1:26-35.

MAJI PURSUED STAR OF EAST

(Continued)

ed out of keeping with Christ's significance. Melchior, this wise man, answered:

Not in Palace

"The King we seek is not to be found in a palace, nor among the rich and powerful. If the light of the world and the glory of Israel had been appointed to come with earthly splendor, it must have happened long ago. For no son of Abraham will ever again rival the power which Joseph had in the palaces of Egypt or the magnificence of Solomon throned between the lions of Jerusalem. But the light for which the world is waiting is a new light, the glory that shall rise out of patient and triumphant suffering. And the kingdom which is to be established forever is a new kingdom, the royalty of unconquerable love."

'Look Among the Lowly'

An intimation of the uncertain future was voiced when he added: "I do not know how this shall come to pass, nor how the turbulent kings and peoples of the earth shall be brought to acknowledge the Messiah and pay homage to Him. But this I know. Those who seek Him will do well to look among the poor and the lowly, the sorrowful and the oppressed."

The men seemed little disposed to talk about returning by way of Jerusalem and encountering Herod. There is a rumor that they are making the caravans ready to go through Egypt.

Wherever they go, they are followed constantly by crowds of both adults and children, their statliness and air of wisdom being especially interesting.

In-Laws Visit With The Harry Alexanders

Earl and Nellie Anderson, of Elkhart, Indiana, are visiting the Harry Alexanders of 3202 Vista Avenue. Anderson is Harry's daddy-in-law. Harry is captain of the local fire department.

Anderson said he would stay with the Alexanders until either the weather moderated in Indiana, or until the Alexander refrigerator became bare.

More seriously, the Andersons said they would leave right after the holidays.

HEROD IN DREAD SEEKS TO DELUDE SAGES

(Continued)

men for questioning, and led them to believe that, if they would go to Bethlehem, discover the Child and return and tell him about it, he would journey there himself to pay homage.

Those who heard Herod's interview with these Eastern wise men say he was given only evasive answers.

Political commentators say it is understandable that Herod should feel uneasy at the rise of a leader who will capture the imagination of a discouraged people. His reign has been a singularly unhappy one due to the pressure from Rome.

The Emperor Augustus has lately accumulated foreign property and subjects through a campaign of military invasions, and controls about all in this part of the world that is worth taking. This has occupied the minds of the people, but has increased Roman extravagances. Palestine is one of these conquered countries and Herod is the king of Augustus' own choosing.

Some regard Herod's fear of a ruler who will overthrow him in a material sense as being unfounded .

They maintain that the significance of the Messiah is spiritual rather than political, and point out that he has always been prophesied as a Shepherd of Souls rather than as a military deliverer.

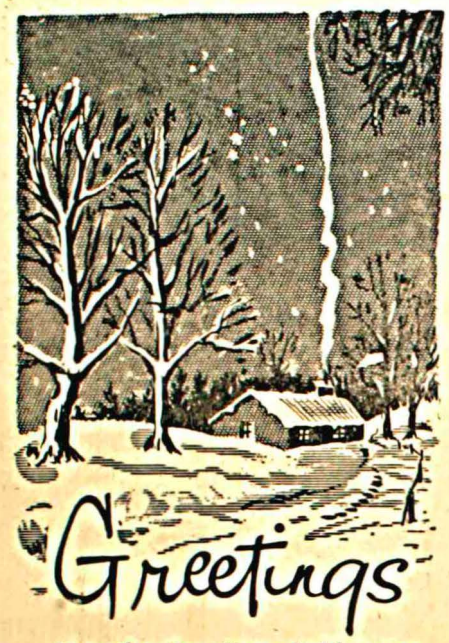
Herod's nature, these commentators say, makes it impossible for him to understand a Prince of Peace.

MEN'S CLUB 'MOVE POSTOFFICE' COMMITTEE DISBANDED

John Dail, local insuranceman told the Men's Club that any move to petition a change of location for the local postoffice was "aborative" and that he would have no part in circulating the petition.

The club accepted his resignation and he disbanded the committee.

Bill Parker, local telephone company manager made a talk on population trends in this area. He said that 90% of Lemon Grove residential addresses have telephones.



May the New Year hold great joy and contentment for you.
